MEMORANDUM FOR: Charles Waterman -- Herb Meyer

FROM : Milton Kovner

SUBJECT : Status Report of Spring Conference on "Europe in the Eighties."

1. Attached is a draft agenda for the subject conference. DD/EURA and we have agreed on the substance of the meeting, and we are in the process of deciding on those who will serve as speakers and discussants. I have sent the agenda -- and an indicative list of participants -- to several people outside the Agency for their comments and suggestions.

2. Those with whom I have already discussed the project have been enthusiastic and supportive. I think the line-up of speakers and discussants will be an impressive one; [redacted] has already agreed to take on the last session -- an assessment of the conference's findings for US-European relations during the remainder of the decade. I will chair, and open and close the meeting with appropriate remarks.

3. Following final agreement here on both the agenda and the participants, we will meet with State/INR who have pledged \$2,000 to the enterprise, and have promised to help with the administrative arrangements.
